SynkSeal™

Novanni has developed a unique formed in place foam gasket installed in our factory. This anti-microbial, anti-fungal material saves the installer valuable time during installation. This foam gasket guards against potential water damage to the countertop.

Off-the-bowl clips for ease of installation.

All Novanni Elite sinks with a 3 1/2" drain opening include an all metal stainless steel strainer. The distinctive Novanni crumb cup with snowflake pattern features a conical design with a superior tight seal. A metal tailpiece is included.

Novanni Elite sinks have less tapered corners on the sink bottom to allow for more usable space.
